

ENVIRONMENTAL UTILITIES DIRECTOR

DEFINITION

To plan, organize, direct and review the activities and operations of the Environmental Utilities Department including administration, business services, engineering design/construction, solid waste collection/disposal, wastewater treatment/collection, and water treatment/distribution; to coordinate assigned activities with other departments and outside agencies; and to provide highly responsible and complex administrative support to the Assistant City Manager/Community Development Director.

DISTINGUISHING CHARACTERISTICS

The Director of Environmental Utilities is a department head responsible for directing the activities of the Department of Environmental Utilities. The incumbent exercises considerable judgment and discretion in the administration and direction of the department and its operations. This is an unclassified position in which the incumbent serves at the will of the City Manager.

SUPERVISION RECEIVED AND EXERCISED

Receives policy direction from the Assistant City Manager/Community Development Director.

Exercises direct supervision over assigned management, supervisory, professional, technical, and office support personnel.

EXAMPLES OF ESSENTIAL DUTIES - Duties may include, but are not limited to, the following:

Develop, plan and implement department goals and objectives; recommend and administer policies and procedures.

Coordinate department activities with those of other departments and outside agencies and organizations; provide staff assistance to the City Manager and City Council; prepare and present staff reports and other necessary correspondence.

Direct, oversee and participate in the development of the department's work plan; assign work activities, projects and programs; monitor work flow; review and evaluate work products, methods and procedures.

Supervise and participate in the development and administration of the Environmental Utilities Department budget; direct the forecast of additional funds needed for staffing, equipment, materials and supplies; monitor and approve expenditures; implement mid-year adjustments and CIP construction funding.

Select, train, motivate and evaluate personnel; provide or coordinate staff training; conduct performance evaluations; implement discipline procedures; maintain discipline and high standards necessary for the efficient and professional operation of the department.

Represent the department to outside groups and organizations; participate in outside community and professional groups and committees; provide technical assistance as necessary.

Research and prepare technical and administrative reports and studies; prepare written correspondence as necessary.

Build and maintain positive working relationships with co-workers, other City employees, and the public using principles of good customer service.

Ensure the City's Core Competencies of "Focus on People", "Build Trust", "Ensure Accountability", "Communicate effectively", "Collaborate Inclusively" and "Make Quality Decisions" are integrated into the workplace; model the City's Core Competencies in all interactions with the workforce and the community.

Perform related duties as assigned.
