

1000 Books Before Kindergarten

Place a star for every book read together.

Child's name _____

Parent's name _____

Did you know...

Writing, or scribbling and drawing, helps children learn that marks on paper represent spoken language. This knowledge will help them decode words on pages and screens when they start reading.

Books 601-700

Early literacy tip

Writing activities help children learn letter names and sounds.

Let your child help you write a grocery list or ask your child to draw a picture of everything in their room. Then help your child write the name of each object in the room.
