## Did you know...

Letter recognition is one of the first steps towards learning to read, and in order to identify letters, children must first learn to recognize shapes.

## Books 701-800

### Early literacy tip

Identify shapes around you and talk about them with your child. As they gain recognition skills, challenge them to daily shape scavenger hunts: "Can you find 10 circles around the house?"

Once they're confident with basic shapes, try it with letters!
