**Reading the Schedule & Maps**

To begin, look at the schedules and find the routes that serve your travel needs. Morning and afternoon routes are listed in numerical order. Take a few moments to look over the map of downtown Sacramento on page 8 of this guide, the route pages, and the legend information below.

- **Bus Stop** – The bus stops only if there is a passenger boarding or exiting the bus at this stop.

- **Timed Stop** – The bus leaves at a scheduled time as shown on the route schedule.

For assistance and information call 745-7560, or visit our office at 401 Vernon Street in downtown Roseville.

**Boarding the Bus**

All bus stops are marked with a bus stop sign. As the bus approaches, make sure the driver can see you. Check the digital display board on the front of the bus to verify you’re catching the correct route.

Be prepared to board by standing away from the curb until the bus has made a complete stop. Before boarding, allow passengers to exit and permit the driver to assist wheelchair passengers.

Pay your fare. You can pay with cash (drivers cannot give change) or with a pre-purchased pass. If you plan on riding the bus frequently, it may be more convenient and cost-effective for you to purchase 10-Ride or 30-Day Passes. When paying a discounted fare, the acceptable form of identification must be shown to the driver (see page 2).

When the bus is moving, stay behind the standing line and out of the stairwells. If the bus is crowded, please move to the rear when you board. If standing, please hold onto the stanchions or overhead straps while the bus is moving.

**Exiting the Bus**

When the bus is about one block from your stop, use the stop cord located by the windows to signal the driver that your stop is approaching. After the bus has come to a complete stop, gather your belongings and exit the bus.

**Accessible Service**

The seats closest to the front of the bus and near the door are reserved for elderly and disabled passengers. All buses are equipped with lifts or ramps, and the ability to “kneel” by lowering the front steps, making boarding easier. Assistance with fare payment and passenger lifts is available upon request. Roseville Transit can transport passengers with mobility devices provided they can be loaded and secured safely. For easier and faster securement, straps are available. For securement straps or a mobility consultation, call 745-7560.

**Reasonable Modification**

Individuals with disabilities may submit requests for modifications of Roseville Transit services or facilities by e-mail to transportation@roseville.ca.us, written mail to 316 Vernon St. Suite 150, Roseville CA 95678, or by phone at (916) 774-5293. Please provide the requestors name, date, contact information and specific modification being requested, and staff will acknowledge receipt of the request within three (3) business days of receipt, and provide a written response within fifteen (15) business days of receipt of the request.

BIKE RACKS & LOCKERS

Bike Racks
All buses are equipped with two front-mounted bike racks, available on a first-come, first-served basis.

When the bicycle rack is occupied, a folding bicycle may be brought on board provided: it is already folded and stored in a carrier bag when boarding, and it remains in your control and does not block the aisle at any time. When capacity is an issue, folding bicycles must be stored under an aisle-facing seat (maximum 12” height when folded.)

Leased Bike Lockers
Some bike lockers are available for yearly lease as part of residents’ commute trip to work or school. Four bike lockers are at Maidu Park (1550 Maidu Drive), and four at the Intermodal (Amtrak) Station (201 Pacific Street). Call 774-5293 to request a locker.

Emergency Ride Home Program
You’ll never have to worry about being stranded without a car.

The Emergency Ride Home program provides a FREE and reliable emergency ride home when you use an alternative mode of transportation to get to work like carpooling/vanpooling, biking, walking, or riding the bus or train.

To be eligible, your employer must be a participating business and you must be registered with the Commuter Club. Learn more by visiting SacRegionCommuterClub.org.

Emergencies which qualify for the program include:
- Personal or family emergency
- Illness
- Carpool/Vanpool partners have an emergency
- Transit, carpool/vanpool breakdown, or theft of your bicycle
- Unscheduled overtime at work

Electronic Bike Lockers
Bike lockers make it easy to cycle for work, school or errands, and are great for use in combination with riding transit. On-demand secure eLockers are located at:

Mahany Park & Ride
Pleasant Grove Blvd. and Michener Dr.

Saugstad Park & Ride
Douglas Blvd. and Buljan Dr.

Taylor & I-80 Park & Ride
Taylor Rd. between Eureka Rd. and E. Roseville Pkwy.

How do I use eLockers?

Get a BikeLink™ card
Purchase and activate a $20 BikeLink™ Card online from bikelink.org, calling 1-888-540-0546, or at the Alternative Transportation office (316 Vernon St. Suite 150), Maidu Community Center (1550 Maidu Dr.), or Roseville Sports Center (1545 Pleasant Grove Blvd.). The rental rate of 5 cents per hour is debited from this access card each time you use a locker. The rental cost covers basic service of the lockers.

Insert card
The screen guides you through a very quick process to start your rental. It’s like using a parking meter.

Park your bike
Once there’s time on the meter, the door opens. Put your bike inside, close the door, and walk away. Your bike remains secure even if the meter expires.

End rental
Insert your BikeLink™ Card, get your bike, and get your refund! Unlike a parking meter, any time you don’t use is refunded. If your meter expires you are simply charged for the extra time at 12 cents per hour.

Add value to your card
