

FINANCE TECHNICIAN I  
FINANCE TECHNICIAN II

DEFINITION

To perform a variety of complex and specialized accounting duties in an assigned functional area of responsibility; to function as a liaison between the Finance Department, citizens, and other City departments by answering questions and solving complicated and/or sensitive problems; and to perform a variety of technical tasks relative to assigned area of responsibility.

DISTINGUISHING CHARACTERISTICS

Finance Technician I - This is the entry-level class in the Finance Technician series. Positions in this class typically have little or no directly related work experience and work under immediate supervision while learning job tasks. The Finance Technician I is distinguished from the II level by the performance of less than the full range of duties assigned to the II level. Incumbents work under immediate supervision while learning job tasks, progressing to general supervision as procedures and processes of assigned area of responsibility are learned.

Finance Technician II – This is the journey level class in the Finance Technician series and is distinguished from the I level by the ability to perform the full range of duties assigned with only occasional instruction or assistance as unusual or unique situations arise. Positions in this class are flexibly staffed and are normally filled by advancement from the I level.

This class is distinguished from that of the Senior Finance Technician in that the latter is an advanced journey level class responsible for highly complex technical accounting related work and exercises technical and functional supervision over assigned staff.
