Shadow Puppet Show

Subject: Shadows and Light, Energy Efficiency

Create your own shadow puppet theater! What kind of creatures can you make? Use them to tell a story. Invite your family to watch your Shadow Puppet Show.

Materials List

1. Flashlight or lamp
2. White wall or sheet
3. Comfy cushions to sit on
4. Dark room

Instructions

1. Find a room that you can make really dark.
2. Set your materials in the middle of the room.
3. Shine the light on a white wall (or hang a white sheet to shine it on) to see how close you need to be.
4. Try it! Start making shapes with your hands in front of the light.
5. Practice making shadow creatures.
6. Move the light closer or farther depending on how they look.
7. Make up a story using your favorite shadow creatures.
